SAUNA CARE	
Product size	250 ML
Description	Clear, colorless protective agent for sauna benches. Protects against dirt and keeps surfaces clean and hygienic.
Color	Transparent
TECHNICAL DATA	
Composition	White mineral oil
Spreading capacity	Approx. 2,5 - 5 m²
Drying time	Approx. 24 hours
Tools	Brush, sponge or lint-free cloth
Tool cleaning	Soap and warm water
Shelf-life	At least a year.
Storage	Sealed packaging and protected from frost.

FEATURES

Sauna Care does not form a hot surface film on the sauna benches. Not flammable and not dangerous to health. It is recommended to treat new sauna benches before use, and in the future 1-2 times a year during cleaning. Sauna Care is colorless, but it deepens the natural tone of the wood surfaces. Try the product on a small area first, so that the end result meets your expectations.

APPLICATIONS

Clear, colorless protective agent for sauna benches. Protects against dirt and keeps surfaces clean and hygienic.

INSTRUCTIONS

Wash sauna benches carefully and let them dry well. Sand off raised wood fibers and remove sanding dust. Apply a thin layer of Sauna Care to the benches with a brush, sponge or clean, lint-free cloth. If the oil is absorbed immediately, apply another layer. After that, heat the sauna and wipe off the excess with a clean, lint-free cloth. You can have a sauna about a day after the treatment. Clean tools with soap and water.

ENVIRONMENTAL PROTECTION AND WASTE DISPOSAL

Recyclable packaging. Empty and dried packaging for normal waste collection and otherwise local hazardous waste disposal plant.
